Expedited Certificate of Occupancy	\$89.00
Faxing Certificate of Occupancy	\$30.00
Replacement Placard	\$30.00

Floodplain

Any construction needs to be reviewed and approved by The County Floodplain Administrator prior to start of construction. Contact Berkeley County Planning Department at (304)263-1963.

Any change to the application or building plans before plan review will be subject to a \$25.00 administrative fee. If the application or building plans have been reviewed, an additional fee of \$50.00 will be added to the administrative fee.

Requirements for obtaining a permit

Any minor changes to the plans will require an approved plan change. This includes change of contractor. Major changes (adding extra space and reversing plans) will require the permit to be voided and a new permit obtained. Repair specifications for damaged trusses or I joists are to be provided in the office at or prior to the rough in inspection. Changed truss specifications, due to different manufacturer must be submitted as a plan change prior to rough in inspection. Failure to do so will result in a \$50.00 reinspection fee. This applies to either floor or roof trusses. The applicant must sign all plans at the time of submission. The permit and approved set of plans must be available on the job site for any inspection. If the job site is not visible from the road then place a sign that is visible at the driveway entrance. In subdivisions, lot numbers are to be posted. Failure to comply with these requirements will result in a not approved inspection and \$50.00 reinspection fee. The inspectors cannot inspect what they cannot find. Failure to contact this office for any inspections within six (6) months of permit issuance or prior inspection will result in the permit being voided and an unsafe structure sign being placed on work already completed. This sign will not be removed until a new permit has been issued. Persons using or occupying structures without a Use and Occupancy permit will be given notice to vacate until such permit is obtained. An unsafe structure sign will be placed on the structure until the Occupancy permit is obtained. Such unsafe structure signs are not to be removed by anyone other than Berkeley County Engineering staff.

Federal EPA requirements effective April 22, 2010 state that any structure built before 1978 SHALL be tested for Lead Paint by a certified renovator.

Stated Federal Guidelines require existing structures to be tested for Asbestos containing materials prior to remodeling or demolition.

I have read and agree to the above conditions.

Applicant _____ Date _____

BERKELEY COUNTY ENGINEERING AND BUILDING INSPECTIONS

NOTE TO OWNERS OF PROPERTY WITH RESTRICTIVE COVENANTS:

Your property may be subject to certain restrictive or private covenants especially if you reside in a subdivision. If so, be advised that the offices of Berkeley County do not have jurisdiction over the provisions of those covenants. They are enforced only by the Homeowners' Association. The county enforces only its own rules and regulations.
