

\$1 MULCH RETURNS: With the closure of 2017, the county's recycling program ends its 23rd year of operation. While the final results are still being studied, it appears 2017 has yet again brought another year of strong growth in public participation. In an effort to show our appreciation, the Berkeley County Solid Waste Authority is offering mulch for the discounted price of \$1 per bucket. This special is available through February 28, 2018. There is a limit of one bucket per customer per day. To qualify, the discounted mulch is only available to Berkeley County residents that participate in the Berkeley County Recycling or Litter Control Program. Additional mulch can be purchased for \$15.00 per bucket. The Grapevine Road Recycling Center and the South Berkeley Recycling Center is open every Tuesday through Saturday; 9am to 5pm. Until next time, let's remember that littering is a crime, harms our natural beauty and lowers everyone's property values.
