

MULCH MADNESS: Mulch made from recycled brush and old Christmas trees is one of the important sources of income for the county's recycling program. Please remember that we sell mulch for the low price of \$15.00 per bucket. By purchasing our recycled mulch you help fund the many important solid waste programs in the County. In addition, purchasing the mulch also helps lower our agency's dependancy on your local tax dollar. With the warming temperatures, we'd like to remind residents that the recycling program accepts organic debris such as leaves and weeds for free. However, there is a \$7.00 cost sharing fee per pickup load for the acceptance of tree limbs and brush. Spring will also bring the Adopt-A-Highway (AAH) volunteers out to clean litter from the roads. Please consider joining their efforts. Your group might be eligible to win the AAH Challenge. First place in the AAH challenge nets your group \$500.00; with second place bringing \$300.00 and third place bringing \$200.00.
