

BACKYARD COMPOSTING SEMINAR COMING: There is another opportunity to learn how to compost in your backyard. While the popular 3-day training seminar costs \$30.00 per student, you'll leave with a wealth of knowledge along with a reference book and a composting thermometer. Registration forms and additional information can be obtained by contacting our office. There are 49 Adopt-A-Highway (AAH) groups in Berkeley County. These groups along with the three watershed groups play a vital role in the beautification of the County. Congratulations to the Martinsburg Squadron Civil Air Patrol for winning 1st place (and \$500.00) in the 2017 Berkeley County AAH Challenge. The AAH Challenge will be repeated in 2018 and is a great opportunity to volunteer while winning a little cash for your favorite organization. Finally, Otterbein UMC is collecting old bikes for the BIKES FOR THE WORLD recycling program through mid April. These bikes can be dropped off at either recycling center and will be held for the church.
