2. In the Peer Coach / Case Manager office it asks for 14 desks and chairs and lists 14 offices but there are only 9 pictured (missing 120,121,128,129,130)

RESPONSE: We elected not to show all the offices in the image. The counts are correct at 14.

3. Peer Coach / Case Manager Office - while it won't matter for pricing but would need to know if they were left hand or right hand. 3) It looks like the desks are 66" x 30" with 42" x 24" returns and would the hutch unit span the return and desk along the walls I assume?

RESPONSE: We can work out the handing of the desk with the selected vendor. The size of the desk is approximate. We will work with the selected vendor on the exact desk sizing. Your assumption on the return running along the wall is correct.

4. The chairs in the lobby state the finish is Napa. Is that a finish or color?

RESPONSE: Napa is a finish ("flat plain texture, or smooth finish, clean look."). Color will be selected by the Owner and Architect when the vendor is selected.
