

## **ADDENDUM #3 Day Reporting Center Furniture RFP**

**Issued on Friday, September 18, 2020**

### **Responses to questions:**

Was there a specific mfg specified? Who specified the project?

**RESPONSE: No we are not requiring a specific manufacturer. Your proposal must include the manufacturer and each the unit of furniture including size, finish, warranty, quantity and cost.**

What finishes are you looking for on the desking and what fabric color on the chairs?

**RESPONSE: The desks are have a plastic laminate finish. Color for desks, chairs, etc are to be selected by the Owner from the full range of colors.**

Therapy Offices:

Desk says 30 x 50, but that is not an available size. All the other ones are saying 30 x 60. Confirm size

**RESPONSE: We will accept desks that are 30x60, but no larger due to the size of the office.**

All offices call out for a lockable pencil drawer. I have been in the industry for over 25 years and this was available back then, but no longer is. The pedestals do lock though.

**RESPONSE: If your proposal does not include a lockable pencil drawer, it must be stated in the proposal.**

Will this be installed during normal working hours? Is it a prevailing wage job? When are you looking for completion?

**RESPONSE: Installation is during normal working hours. This is not a prevailing wage project. The construction schedule shows a completion date of 2/12/21. Furniture should be installed by 2/26/21 (2 week install).**

Please confirm this is a ground level entry.

**RESPONSE: Entry is at grade and is one story.**
